Minister of transport  
Nz government

Dear minister,

Flying NZ fully supports and endorses the attached submission from des lines and GAA. This is well researched and represents the views of the recreational aviation sector well.

Further to this flying nz agrees with previous submissions placed by the NZAF and jonathon shorer from aero modelling New Zealand.

Flying NZ represents the voices of 4000 recreational pilots throughout the aero club movement in NZ.

Tony Page  
President  
Flying NZ
